

# KINDER NEWS

Highlights from This Week, April 24, 2009

Charter School  
of Morgan Hill

It is hard to believe but we have started our last PBL project of the year. We will be exploring the driving question, "How do artists and authors use the stars and moon to express themselves?" We will learn about many famous artists and what makes their style unique.

Children will experiment with different art medium as they create art reflective of these styles and perhaps develop their own artistic form. We will also read stories and poetry focusing on descriptive language and a writer's ability to draw a picture in our mind.

In math students continue to develop subtraction skills through use of manipulatives, equation cards and worksheets. Remember to support this difficult concept at home. If you have 6 cookies on the plate and you eat 3 how many are left? Math is everywhere in our daily lives, take a moment to demonstrate this idea for your child.

THANK YOU...

**Mrs. Barker in room  
12 for making so  
many wonderful  
phonemic awareness  
games for our  
language arts center  
and for small group  
time.**

**Your time and effort  
are truly  
appreciated.**

## Looking Ahead...

**HOMEWORK:** Book Bags come home on Monday. We only have a few weeks of Book Bags left. Make sure you have "tasted" all the menu choices.

## REMINDERS:

- **The weather is getting warmer, remember to put sunscreen on your child before school and make sure they have water if they need it.**
- **Next Wednesday is a minimum day.**

## OT Magic Kit

Count to see if you have reached the magic number of 40 activities and bring the calendar in for a prize. Keep the kit for summer practice.
